

2014 FIRST FROST MARLBOROUGH SAUVIGNON BLANC

We are excited to introduce you to this pretty modern take on Sauvignon Blanc, made in the true Matua way of course – with respect for the region. This Sauvy shows off all the crisp, zesty, fruity goodness that Marlborough is famous for. But this little beauty has a little something extra, not added... but taken away. We know that these days you've got competing priorities and sometimes you just don't want your glass of Sauvy to weigh you down. So we've made this gem of a Sauvignon Blanc 25% lighter in alcohol and calories* so you can enjoy every sip, without it going to your hips. Let's cheers to that!

How it tastes

Just because this wine is lighter in calories and alcohol doesn't mean it skimps on flavour. Far from it – this Sauvy is packed full of all those classic Marlborough flavours you love, with the added charm of being lighter. The nose is full of lifted gooseberry and tangy tropical fruit, while the palate is no less vibrant with zesty citrus and a nipping bite of acidity. With fabulous structure and length to boot, what more could you want!

Picture this

You're sitting by the seaside with the warm Pacific Ocean breeze in your hair and your toes in the sand. You're tucking into a freshly caught picnic dinner of saltwater fish lightly dressed with a drizzle of lemon and garnished with a salad of crisp greens and mango. First Frost is your drink of choice this evening – and gee what fabulous taste you have!

Technical stuff

PH 3.12	Grapes from: All Marlborough
