

We have something very special in common; you love great wine, so do we. And we're particularly proud of this very wine. It's made from exceptional fruit from our award winning Awatere Valley vineyard, which is what makes it a cut above the rest.

Technically speaking

Warm and dry typified the Marlborough season, producing above average yields and fruit of very high quality. As a result, 2 Single Vineyard Sauvignon Blancs were produced this year from differing valleys in the region. From our vineyard situated on the northern side of the Awatere Valley, the grapes for this wine were all machine harvested; the winemaker's preference as this method has proved

the best for developing wines with real punch. The selection was meticulously chosen to best produce the desired style and elevating the intense blackcurrant, pineapple and passionfruit essences, a distinctive and luscious Sauvignon Blanc.
